## INTRODUCTION

The Hawai'i Energy graphic identity standards provide a foundation for clear and consistent communication of the brand's identity. Adhering to common standards ensures that the brand's communication is clear and consistent throughout all applications.

All mediums—publications, websites, advertising, signage, letterhead, or business cards—layout, color, and typography are orchestrated to impart a unified “signature.”

This publication includes a description of the new logo and guidelines for its use including official colors and typefaces, as well as the appropriate use of the brand logo.

## ABOUT HAWAI'I ENERGY'S LOGO

Hawai'i Energy's graphic identity program was launched in October of 2009, with the introduction of a new name (Hawai'i Energy) and graphic identity (logo & wordmark). The graphic identity combines the positive outlook of Hawai'i Energy and its commitment to improving energy awareness. The identity forms the foundation upon which the entire graphic identity program is built. It captures the brand's vision for the future as well as its accessibility toward all audiences.

The identity program is designed to be flexible enough to meet Hawai'i Energy's need to reach all audiences, while creating a strong brand presence in Hawaii's communities. Hawai'i Energy's use of the identity guidelines is integral to building public awareness and support for its mission.

## HAWAI'I ENERGY LOGO AND WORDMARK

Hawai'i Energy has two primary identifiers—the brand's logo and the brand's wordmark. Each identifier uses the brand's full name **Hawai'i Energy**. The logo or wordmark should appear on all Hawai'i Energy affiliated applications.

### THE LOGO

Hawai'i Energy's logo consists of the wordmark plus its symbol and tagline. The logo can appear in one of two ways—horizontal or stacked. The logo should be treated as one unit. The proportion and spacing of the elements should not be altered in anyway. If you have a usage where you would like to use the symbol alone, please request permission from Hawai'i Energy.

Upon request to [hawaiienergy@leidos.com](mailto:hawaiienergy@leidos.com), the logo will be provided to you in JPG format. If you need the logo in another format, please specify.

**CORRECT LOGO APPLICATION**

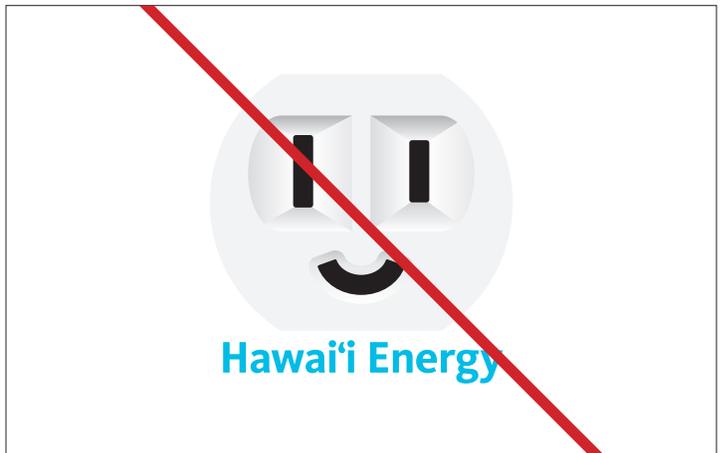

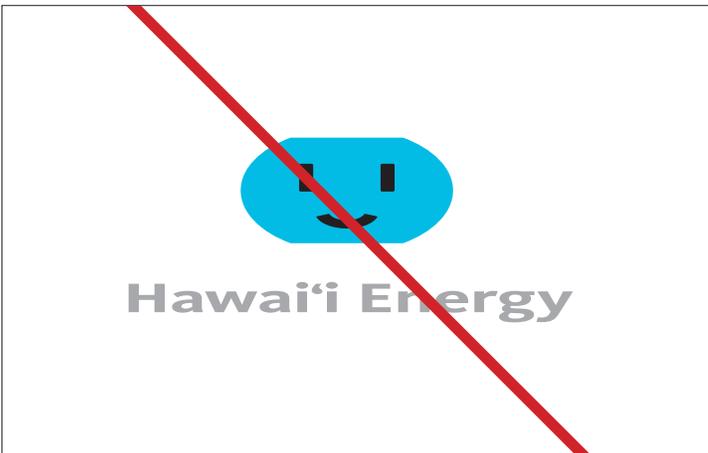

**Don't** use the white logo on a light background as the low contrast will take away from the brand's presence.

**Don't** use the color logo on a dark background as the low contrast will take away from the brand's presence.

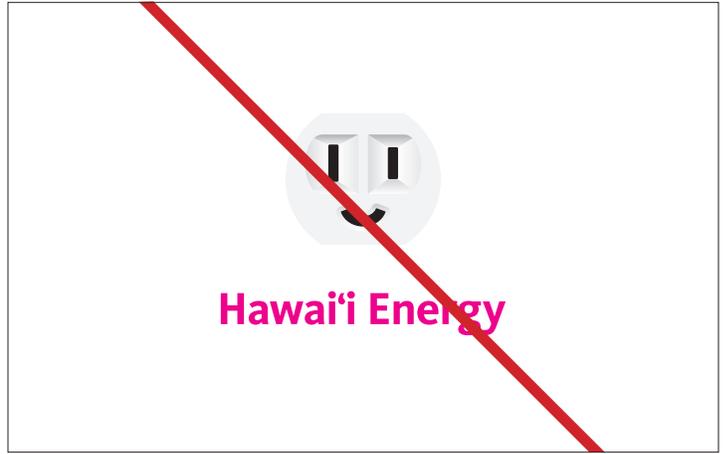

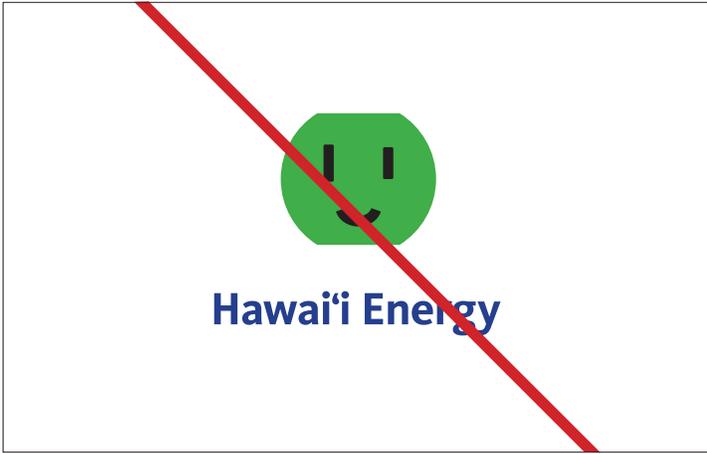

**Don't** change the proportions of the logo. It will make the logo feel unbalanced and detract from the uniformity of the brand.

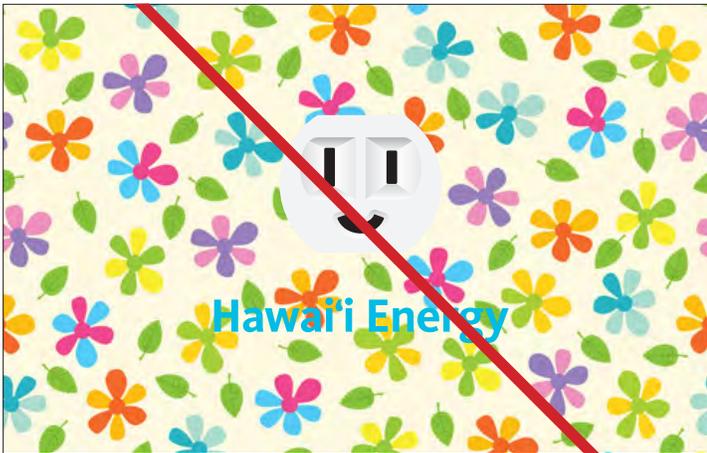

**CORRECT LOGO APPLICATION (CONTINUED)**

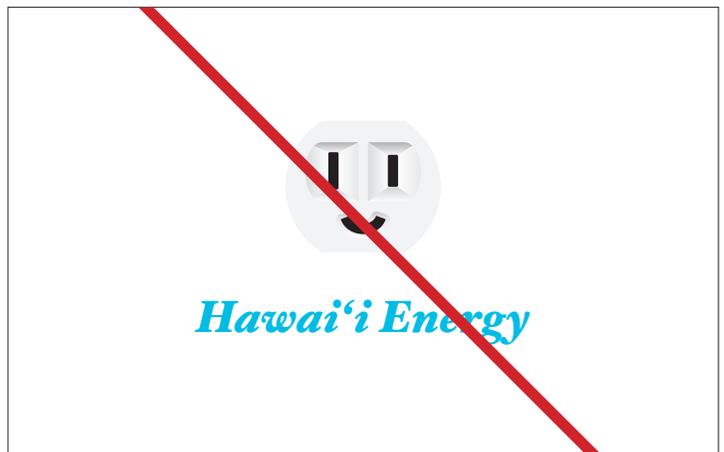

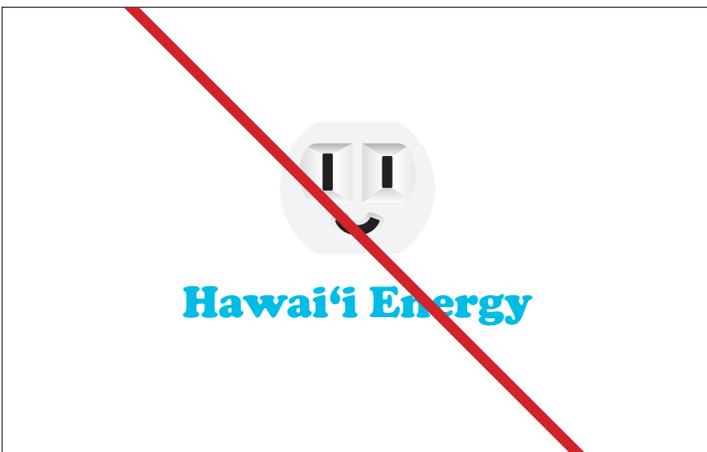

**Don't** use unspecified colors. This will detract from the brand's overall recognition.

**Don't** place the logo on a busy background as the amount of information will confuse the reader.

**Don't** use a different typeface. This will detract from the brand's overall recognition.
